Product Specification

- Product name: Optical diffuser plate for LED/CCFL light source
- Product properties:
 1. Higher light transmittance than normal plate
 2. Excellent diffusion effect and haze performance
 3. Evenly diffuse the light source LED/ CCFL
 4. Good dimension stability
- Optical specification

No.	Test Item		Test Method	Measuring Equipment	PA-75S2
1	Thickness		JIS K6718-2	Micrometer	1.5±0.1mm
2	Light transmittance		JIS K7361-1	Haze meter (NDH-2000)	74±3%
3	Haze		JIS-K7136		91±3%
4	Warpage		Follow customer’s diagram		≤1mm
5	Surface patern		Detector or visual inspection		Two sided Mat
6	Appear.	Spot	Detector or visual inspection		D＞0.5 mm, none
		Scratch			D＞2 mm, none
